Eco-Pur S®

The Eco-Pur S® is a salt-free scale prevention water conditioner. The Eco-Pur S® features **Green Guard™** and **Scale Stop™**, a crystallization technology tested to reduce 99.6% of limestone scale formation, protecting your water heater and appliances from hard water scaling damage.

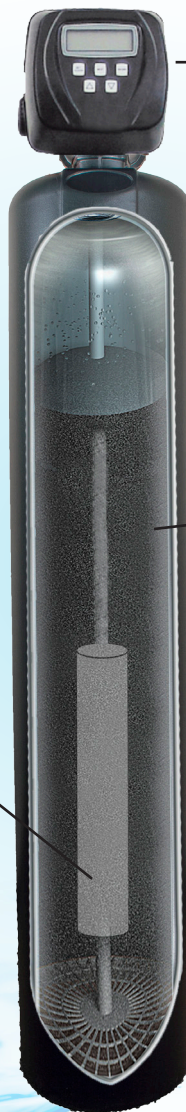

Our only system that features a **Catalytic Carbon Filter** that is specifically processed to enhance the carbon's ability to reduce and trap chemicals and other contaminants that may be present in your water supply such as *Chlorine* and *Chloramines*.

The Healthy Choice.

- Retains natural minerals
- Protects nutrients in foods
- Improves taste of water
- Eliminates odor from water
- Reduces Chlorine
- Reduces Chloramines
- Reduces Lead, Pharmaceuticals, Bacteria, and Viruses

Green Guard™ ft. Scale Stop™.
