## ΩMEGA Series

### Omega®

Omega® water softeners provide the quality water you need for everyday life.

Day and night, your water will now perform the way it should. It creates richer lathers by using less soap, rinsing cleaner without film and residue, even protecting your household plumbing from staining, scale, and hardness.

The optional "Big Blue" catalytic carbon filter protects your water from bad taste, bad odor, chlorine and chloramines. Best of all, this system is built to last, easy to operate, and easy to replace. We can even ship it to you!
